## **Canada-United Kingdom Trade Continuity Agreement**

The Canada-United Kingdom Trade Continuity Agreement (Canada-UK TCA) came into force on April 1, 2021, and provides continuity, predictability and stability for trade between Canada and the United Kingdom (UK).

It preserves the main benefits of CETA and Canada's competitive advantage in the UK market, such as preferential access to the UK market for Canadian businesses, including the elimination of tariffs on 98% of Canadian products exported to the UK.
