#### **Chapter on State-Owned Enterprise**

##### *Article X.*

##### ***(Delegated Authority)***

Unless otherwise specified in this Agreement, each Party shall ensure that any person including a state-owned enterprise, an enterprise granted special rights or privileges or a designated monopoly that has been delegated regulatory, administrative or other governmental authority by a Party at any level of government, acts in accordance with the Party's obligations as set out under this Agreement in the exercise of that authority.

##### *Article X.1*

##### **Definitions**

For the purposes of this Chapter, the following definitions shall apply:

- (a) "State-owned enterprise" means an enterprise, including any subsidiary, in which a Party, directly or indirectly:
  - (a) owns more than 50% of the enterprise's share capital or controls the votes attached to the shares issued by the enterprise; or
  - (b) can appoint more than half of the members of the enterprise's board of directors or an equivalent body; or
  - (c) exercises or has the possibility to exercise control over the enterprise.
- (b) "Enterprise granted special rights or privileges" means any enterprise, public or private, including any subsidiary, that has been granted by a Party, in law or in fact, special rights or privileges. Special rights or privileges are granted by a Party when it designates or limits to two or more the number of enterprises authorized to provide a good or a service, other than according to objective, proportional and non-discriminatory criteria, substantially affecting the ability of any other enterprise to

supply the same good or service in the same geographical area under substantially equivalent conditions.

- (c) A "designated monopoly" means an entity, including a group of entities or a government agency, and any subsidiary thereof, that in a relevant market in the territory of a Party is designated as the sole supplier or purchaser of a good or service, but does not include an entity that has been granted an exclusive intellectual property right solely by reason of such grant.
- (d) "Designate" means to establish or authorize a monopoly, or to expand the scope of a monopoly to cover an additional good or service.
- (e) "Commercial activities" means activities, the end result of which is the production of a good or supply of a service, which will be sold in the relevant market in quantities and at prices determined by the enterprise, and are undertaken with an orientation towards profit-making<sup>1</sup>.
- (f) "Commercial considerations" means price, quality, availability, marketability, transportation and other terms and conditions of purchase or sale; or other factors that would normally be taken into account in the commercial decisions of a privately owned enterprise operating according to market economy principles in the relevant business or industry.
- (g) "A service supplied in the exercise of governmental authority" has the same meaning as in the GATS.
- (h) "Arrangement" means the Arrangement on Officially Supported Export Credits, developed within the framework of the Organization for Economic Co-operation and Development (OECD) or a successor undertaking, whether developed within or outside of the OECD framework, that has been adopted by at least 12 original WTO Members that were Participants to the Arrangement as of 1 January 1979.

4. If the requested information is not available to the Party, that Party shall provide the reasons for this in writing to the other Party who requested the information.

*Article X.7*
